github.com/hsb-ini-14 | hsb-ini-14.github.io/bhaduria-portfolio/

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive and user-centric web applications using React.js, JavaScript, and Tailwind CSS. Skilled in developing reusable component-based architectures, integrating APIs, and optimizing performance. Experienced in building AI-integrated features, with a strong focus on creating intuitive and scalable user experiences.

SKILLS

Frontend: React.js, Redux Toolkit, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+)

Tools: Git, GitHub, VS Code, Vite, Vercel, Chrome DevTools

Core Concepts: REST API Integration, AI Integration, Cross-Browser Compatibility, Component-Based Architecture, Responsive Design, Performance Optimization

PROJECTS

Portfolio Website | Tech Stack: React.js, Tailwind CSS

Live: hsb-ini-14.github.io/bhaduria-portfolio/ | **GitHub:** github.com/hsb-ini-14/bhaduria-portfolio

- Developed and deployed a fully responsive portfolio website using React.js and Tailwind CSS to showcase live projects and technical skills.
- Implemented a reusable component-based architecture for scalability and maintainability.
- Built dark/light mode functionality with persistent theme storage using Local Storage.
- Applied mobile-first design principles and optimized performance using Vite, ensuring fast load times and smooth user experience across devices.

Expense Tracker | Tech Stack: React.js, Tailwind CSS

Live: hsb-ini-14.github.io/expense-tracker-app/ | **GitHub:** github.com/hsb-ini-14/expense-tracker-app

- Built a responsive expense management application with full CRUD functionality using React.js.
- Implemented client-side data persistence using Local Storage for seamless user experience.
- Designed reusable components to improve maintainability and reduce redundancy.
- Optimized UI for mobile-first experience across multiple screen sizes.

Chat With AI | Tech Stack: React.js, JavaScript, CSS

Live: chat-with-ai-navy.vercel.app/ | **GitHub:** github.com/hsb-ini-14/chat-with-ai

- Developed a responsive AI-powered chat application that enables real-time conversations with support for multiple chat sessions.
- Integrated Gemini API using serverless functions for secure and scalable API handling.
- Implemented chat persistence using Local Storage for maintaining conversation history.
- Designed an interactive UI with dynamic chat management and enhanced user experience across devices.

EDUCATION

Executive Post Graduation Diploma in Software Development

IIIT Bangalore & upGrad • Bangalore, In • June 2023 – August 2024

B. Tech in Mechatronics Engineering

SRM Institute of Science and Technology • Chennai, In • July 2015 – May 2019
